

HOW MUCH MORE PROOF DO YOU NEED?

August 15, 2006

Did you ever feel God was trying to get your attention by circumstances or repeat events occurring in your life? Some of us whose hearts have been offended may have a hard time hearing God's voice, feeling God's love or even question God's existence. Our experience of life is supposed to start with nurturing parents that provide for and protect us. As some of us know, childhood or even adult experiences may have produced some hurts in our hearts that could last a lifetime. Some experiences guide our paths into very unhealthy relationships, lifestyles or attitudes. Many of us hold these hurts captive and try the rest of our life to make sense of and forget that past.

We are living in very troubled times on our planet. Between wars in the Middle East, England recently stopping the terrorist mass murder attempt on jets bound for America, terror alerts and terror attacks killing people everywhere, it seems like mankind is desperately in need of peace. On the other hand, history is being made right before our eyes. President Ahmadinejad of Iran publicly states his intentions to please Allah, and change the world in the process by wiping out Israel, the United States and Great Britain. He also believes he must make way for the Islamic Messiah coming in 2007 as he continues to enrich Uranium for the purpose of making nuclear weapons. The Iranian Parliament has passed a law that would require all Jews, Christians and Zoroastrians to wear colored badges that will identify them by the religion they follow. This may sound familiar to some. Adolph Hitler required the same during his reign of terror from 1935 to 1944. The world sat by as this evil man, full of hate, slaughtered millions of innocent human beings for a promise of a better tomorrow. This news should have every citizen of the world take notice, yet as of this writing, the world sits silently by as evil grows like a malignant cancer in the Middle East and is infiltrating other countries.

Are you ready for some better news? There's a growing group of people these days that study Bible Prophecy for a living. Amazingly enough, all prophecy has to do with a small country named ISRAEL which is mentioned over 2500 times in the Bible. God made a covenant with the Israelites and God's Holy name resides in Israel. These Bible scholars would amaze you if you had the time to listen or study what they have learned. Sooner or later God will get our attention to show us Bible prophecy is true. Your question may be why isn't God speaking to us like He did in years past by his prophets or some other very influential person. OR is he talking to us. It's been 2000 years since Jesus walked the earth. He was the last influential person whom God used to get us a message.

Below are some fascinating worldly events that have occurred:

1. The Dead Sea Scrolls - 1947:

Starting in 1947, the same year as the modern state of Israel was created, thousands of fragments of biblical and early Jewish documents were discovered in eleven caves near the site of Khirbet Qumran on the shores of the Dead Sea. These important texts have revolutionized our understanding of the Bible.

2. Noah's Ark discovered in northern Iran - June 19, 2006:

According to team member Arch Bonnema, five of the nine samples taken from the vessel were confirmed as petrified wood of which had embedded sea fossils. This discovery was at 13,100 feet above sea level located in the Ararat mountain range in Northern Iran. The floors, walls and other wood pieces were all hand hewn and were so huge that nobody could have carried the timber up to, nor could anyone find the materials needed to assemble such a structure at that altitude. He said that the Ark was buried in an avalanche and has been covered up by ice and snow for many years. It was not until recently when record high temperatures melted the snow and ice revealing the Ark. The footprint of what is described in the Bible matches up with the verses in Genesis describing the Ark and its location.

3. Bible Found in Ireland - August 2006:

The internet is buzzing with news of this amazing find in Ireland. A Bible manuscript dating back to 800-1000AD was spotted opened to Psalm 83. This Psalm talks about Israel's neighbors wanting to wipe out the very memory of her existence. It is being called a "miracle find". One archaeologist says, "It's unlikely that something this fragile could survive buried in a peat bog at all, and then for it to be unearthed

by a construction worker and spotted before it was destroyed is incalculably more amazing". Could that event just be coincidence or is God giving clues to the Truth?

The War between Israel and the terrorist group Hezbollah - This fight is no longer over territory but over the very existence of Israel. The people who seem to hate Israel most are not looking to get more land. Hezbollah, Hamas, Fatah, along with Syria and other terrorist groups are supplied with weapons when needed and with Hezbollah getting 100 million dollars from Iran yearly. I call these groups in the Middle East, Iran's deadly fingers. Russia, Venezuela and North Korea who fired test missiles on July 4 this year, are some countries becoming friendly with Iran. Cuba's leader, Fidel Castro, is recovering from surgery and has given Raul, his brother, current reign of Cuba. Raul had a meeting with the leader of Venezuela, President Chavez. It was on the news that from that meeting the two sensed a kindred spirit toward one another. Cuba is only 90 miles from Florida. A Cuba allied with Chavez, who is allied with Iran is a bit unnerving to me. I suspect Iran will equip them with an arsenal of weapons like he did to Syria and Lebanon. Just wait until Iran reaches nuclear weapon capabilities. The recent cease fire between Israel and Lebanon will be temporary and allow the mad evil doers to regroup, reload and think up new evil plans to destroy countries that stand by Israel.

Many are asking, "What's going on in the world?" Unfortunately, most churches and ministries will not address these issues. People are left in a wonderment trying to understand why the turmoil is escalating. And believe me, it will continue to escalate. God is trying to get our attention. Even nonbelievers are asking questions and getting concerned; I believe most people still remain ignorant and don't want to be confused with the facts. The Bible tells what will happen. It is impossible to understand current events without the Bible and a proper understanding of Israel and how end-time events are unfolding.

Since the majority of UN delegates are anti-Semitic, you can't expect too much support for Israel. The U.N. Secretary General, Kofi Annan continues to prove his incompetence and prejudice as he condemns Israel for acts of self-defense. Most everyone knows the UN Secretary General and his family are corrupt. They continue to do things that will push Israel to annihilation. Let me know if you want to read the recent UN cease fire resolution and I will forward it to you. America and Israel are the two most hated nations by Muslims in the world. There is one Jewish state in the UN with the US and England being their friend. There are fifty-two Islamic states, with the remainder secular. Virtually ALL of them stand against Israel and the United States although it's not publicly stated for the most part. Israel has vowed to never again allow their annihilation or submit to Islamism or any other belief and if attacked with weapons of mass destruction will automatically release all their nuclear weapons available. I hate killing and war but totally agree.

My friends, I wish more of you would realize before it is too late what is happening here. The world is getting ready for some really big event. If you do not have a prophetic understanding of what is developing, then look at the secular newspapers and realize time is running out as the clock ticks closer and closer to Biblical prophecy revealing its truth.

Matthew 24: 4

Jesus answered: Don't let anyone fool you. 5 Many will come and claim to be me. They will say that they are the Messiah, and they will fool many people. 6 You will soon hear about wars and threats of wars, but don't be afraid. These things will have to happen first, but that isn't the end. 7 Nations and kingdoms will go to war against each other. People will starve to death, and in some places there will be earthquakes. 8 But this is just the beginning of troubles. 9 You will be arrested, punished, and even killed. Because of me, you will be hated by people of all nations. 10 Many will give up and will betray and hate each other. 11 Many false prophets will come and fool a lot of people. 12 Evil will spread and cause many people to stop loving others. 13 But if you keep on being faithful right to the end, you will be saved.

God Bless you,
Sincerely,
