PASSION VERSUS WORK

August 21, 2007

"IF YOU LOVE WHAT YOU DO FOR A LIVING YOU'LL NEVER WORK A DAY IN YOUR LIFE."

The above words were spoken at a memorial service for a dear friend of mine. He instilled this into his daughter as she spoke about her dad. I loved, admired and will miss my friend incredibly. He was a man's man who was respected by many and spoke the truth (even if you didn't ask for it). He would be there for you, and amongst many other attributes, always sported a beautiful smile. He really loved what he did for a living. I believe he didn't "work" much in his life. Up until 2 weeks before his 80th birthday, he was still driving, diving, flying airplanes, and being a friend to everyone. In comparison, my passion and love for the pool and spa business for the last 40 years, has been the same. I love the people and challenges of life related to what I do and enjoy the business immensely.

All of us at The Pool & Spa Doctor have worked hard this summer to supply our customers with a speedy response and quality service second to none. We trust you've enjoyed the 2007 summer with family and friends relaxing around your pool. Thank you for making this year a success.

I have decided to change the format of this 12th newsletter since my first newsletter of February 2002. My passion, along with the pool & spa business is the studies of the Middle East, U.S. policy, Israel's response to Iran's threats, Russia, China, Iraq, Jordan and Syria. You must believe that today's world events will affect us in the very near future. Isn't it interesting how some current events were prophesied 1500 years before Christ? Thanks to all of you for the encouragement regarding these letters. Enjoy!

POOL & SPA BUSINESS

Our office staff works hard preparing and sending your enclosed 2007 Winterizing contract. Please check off additional recommended services or call us to help you prepare for the safe shutting down of your pool or spa for the upcoming winter season. Remember we charge your Credit card on file upon receipt to scheduling your requested date. If needed additional parts or chemicals will be billed after the service has been performed. PLEASE send back your contracts immediately for us to schedule you. Some of you do not know what is needed for off-season maintenance. Many pool and spas were damaged over the winter from lack of appropriate winter maintenance. I cannot stress enough, the importance of a leaking pool. IF you are consistently adding water every week or 2, you have a leak. It MUST be repaired BEFORE the winter or serious damage can occur to your pool or spa.

UNITED STATES

We are about 1 year from the 2008 presidential elections. Six months ago the candidates started their campaign. What's up with that? I keep hearing the same rhetoric from most and I am pretty tired of it. As our country gets more and more conditioned to death and violence, I wonder how we will welcome any peace plan offered. Most people say they would agree to almost anything if it brought world peace. This sounds like a verse out of the book of Revelation. US Comptroller General David Walker told Financial Times that we should learn a lesson from the fall of Imperial Rome. Walker warned there were striking similarities between America's current situation and factors that brought down Rome. He stated declining moral values, political correctness, over-confidence, over-extended military in foreign lands and fiscal irresponsibility by the central government are all important factors.

THE POOL & SPA DOCTOR

MIDDLE EAST: (information taken from Debka-Net-Weekly's briefing)

Russia, Iran and Syria have entered a defense pact that is in the process of altering the balance of power in the Middle East. Russia's part has been kept relatively secret for a long time, but facts reveal a long steady Russian commitment to the Iranian nuclear program and arms supply to Syria. Soon all of Europe will be in range of nuclear tipped Iranian warheads. The madman, President Mahmoud Ahmadinejad believes Allah has chosen him to fulfill Muslim prophecy to usher in Armageddon, which will bring the Iranian messiah and subject all survivors to Allah.

Israel: Always stays on the alert for an attack by Iran, Syria, Lebanon, Hezbollah or many others.

Iran: We will soon recognize Iran's nuclear increase is targeted for Israel, Europe and the U.S.

Lebanon-Iraq-Syria: The states are weak and all support terrorists groups.

Islam: War against radical Islam spreading. Islam is the fastest growing and second largest religion on earth stating it's a religion of peace. Newly elected U.S. Senator Ellison swore in on the Koran.

BIBLICAL PROPHECY:

As never before, end time prophecies found in scripture are for us TODAY! The countdown began with the restoration of Israel in 1948. The Bible says that the generation that sees this restoration will see Jesus return. No one can give an exact day. Other signs prior to His return are all around. Daniel 12:4 says there will be a time at the end of people running around like never before and that knowledge & information will increase. (Many people travel around the world like it was going around the corner). Amos 3:7-8 says that God intended us to know what He has planned for us prior to it happening. Matthew 24:36-39 says that in the days prior to the flood, people were eating-drinking-marrying-and giving in marriage until the day Noah entered into the ark. They didn't know the truth until the flood came and took them away. So shall the coming of the Son of man be. (Jesus coming again – Rapture & Second Coming).

My friends, just because things seem ok right now, remember how fragile life is. In an instant, things could change. Why do I write these newsletters? Ezekiel 33:6 says I have a responsibility & duty to pass the information on to you or your blood will be on my hands. I truly believe this. Tick – Tick – Tick

REALITY:

Genocide, human trafficking, drugs and immorality is rampant throughout the world. We can't differentiate right from wrong. We have children with little respect for life, others or themselves. Columbine - Virginia Tech and on and on..... The bible predicted this 2000 years ago.

OK.... so what do we do? Pray to God for protection, health and wisdom. Pray that you may see through the strong delusion that God says will be present on this earth soon. Work like it's our passion no matter what we do. People around you will see the difference. Enjoy what we have. My Dad who is turning 90 this year and my mom not far behind along with my beautiful family, friends and business patrons are great blessings to me. What more could I ask for?

Our hearts and prayers go out to those of you who have lost loved ones this year that have given their life for this country in the war, or have died by occupation or health issues.

My dedicated staff at The Pool and Spa Doctor and I wish you health, blessings and a short warm winter. Call anytime – we are here 12 months a year.

Thanks you for your patronage and God Bless,

Lawrence J. Penna – Owner - President
